West HS	ZZ245	22.9258	\$131,594.42	REIDLAND HS	Strickland, Teresa

The Stock Market Game™ is a national program of the Foundation for Investor Education and is offered in Kentucky by the Kentucky Council on Economic Education (KCEE). It is an interactive, interdisciplinary program for students in grades 4-12 (and college) to learn about economics, finance, and our American economic system. The program is offered each Fall and Spring. Over a period of 15 weeks, teams of students research companies, make investment decisions, and create their portfolios, investing \$100,000 in imaginary money in stocks and mutual funds. Teams are ranked on equity in portfolio. Teachers are provided with educational resources to teach students about investing, capital formation, the stock market, and the economy. Student teams compete against other Kentucky teams statewide and across local

regions for prizes. **For Fall 2006, 643 teams of 2, 475 students and 47 teachers participated in our Stock market Game competition.** Another 317 teams of 1,519 students took part in the Take Stock in Kentucky competition this Fall, with Farley Elementary taking first place in the state.

Once again, as was the case last year this time, Google (GOOG) was a big winner for many teams. And finding the right stocks, and buying at a low, teams researched and bought NVIDIA (NVDA), NKE (NKE), Phelps Dodge (PD), NYSE Group (NYX) and US Global Investments (GROW) to create winning portfolios.

Stock Market Game awards include: 1st place prize of \$300, 2nd place of \$200, and 3rd place of \$100 to be used by the school, class, or team, plus \$50 for a class pizza party. The first place state awards team will receive class trophies and medals at the Kentucky Council on Economic Education Annual Awards program in May, 2007. The top 10 teams in the state will all receive Stock Market Game Winners Tshirts. The top team in each region will also receive a check for \$50 for the team or class.

"They see that the concepts we're learning have real-life applications. Making those connections makes them more eager to learn." Kim Code, teacher

My students "...would watch the Cartoon Network before coming into school and now they're watching the news and the financial reports. To me, that just takes these kids to a whole new level of learning." Tina Hayes, 5th grade teacher

For more info, contact the Kentucky Council on Economic Education, 502-267-3570 or info@econ.org.

Stock Market Game is sponsored by Hilliard Lyons.
