For the Year Long Stock Market Game 219 teams, 21 teachers and 947 students participated from September through April. For all of our Stock Market Game programs this year, a total of 1,8539 teams with 217 teachers and 6,942 students participated.

Congratulations to all the teams participating!! The lead changed several times over the past several weeks, and we have some very close finishes! Successful investments included Alexion Pharmaceuticals (ALXN), Netflix (NFLX), Tractor Supply (TSCO), Priceline (PCLN), and Acme United, (ALU).

Stock Market Game awards include: 1st place prize of \$300 for team, 2nd place of \$100 for team. Teams will also receive school trophies, SMG t-shirts, and member certificates. Regional Award first place teams will all receive certificates and SMG t-shirts. All State and Regional winning team members are invited to the Stock Market Game Awards Banquet, at the Louisville Pendennis Club, on May 19, from 11:30 – 1:30pm to be recognized and receive awards.

The Stock Market Game™ is a national program of the Foundation for Investor Education and is offered in Kentucky by the Kentucky Council on Economic Education (KCEE). It is an interactive, interdisciplinary program for students in grades 4-12 (and college) to learn about economics, finance, and our American economic system. The program is offered each Fall and Spring. Over

a period of 10 weeks, teams of students research companies, make investment decisions, and create their portfolios, investing \$100,000 in imaginary money in stocks and mutual funds. Teams are ranked on equity in portfolio. Teachers are provided with educational resources to teach students about investing, capital formation, the stock market, and the economy. Student teams compete against other Kentucky teams statewide and across local regions for prizes.

"They see that the concepts we're learning have real-life applications. Making those connections makes them more eager to learn." Kim C., teacher

"Keeping up with their portfolios enabled (my students) to practice math skills and learn some valuable information about business. I have no doubt their math, social studies, and practical living skills were enhanced through this program! Traci G., Teacher
